With Watch TV Everywhere, you can view your favorite programming on your mobile devices wherever you go. Whether you're waiting for a doctor's appointment, sitting at the airport, or spending your winter somewhere warmer than Iowa, all you need is an internet connection and you can access the channels you subscribe to on your smartphone, tablet, or laptop.

- ➔ **Watch live** or on demand
- ➔ **Share access** among four family members
- ➔ **Some programming** not available anywhere else

It's Easy to Get Started

Locate Your Account Information

To create your WTVE account, you'll need your CCS account number and billing name; both are on the first page of your CCS bill.

Get Registered

Visit watchtveverywhere.com and from the drop down menu, Select Your TV Provider, choose Complete Communication Services, then click Register. Complete the form and be sure the first user you register is the same person listed on your CCS bill.

Watch TV Everywhere

Select your favorite channel from the options on your screen and enjoy the show!

1. Access to programming is generally limited to the USA and its Territories.
2. Some networks require authentication once you are taken to their website. Simply sign in with your WTVE username and password if prompted to log in again.
3. Channel lineup subject to change. More networks will be added as they become available.
4. Your cellular carrier's standard data rates may apply if you view WTVE content while not connected to WiFi.
5. EPSN3 is a wholly separate service from WatchESPN and is not currently available from CCS.
